CERTIFIED MAIL

RE: Patent Application Inventorship

Dear Mr. Burtch:

During your employment with Ontario Die International in Kitchener you worked on a machine with an application of bending strip material. As I am sure you are aware from agreements you signed as well as conversations during your employment, it was and is our intention to apply for Patent protection in various international countries.

As a part of this process we need you to assign your patent rights as agreed to during your employment. I have enclosed a copy of the agreement that you signed for your benefit.

We have made several attempts to contact you at your last known telephone number but have been advised that it has been disconnected. We would greatly appreciate it if you could contact me at 810-987-5060 to discuss how we may get the assignment documents to you for your signature.

Thank you in advance for your assistance. I look forward to hearing from you in the near future.

Regards,

Christopher Geffros
